

Event Plan for 13th October 2025

An event powered by GDG JIS University has been scheduled to be held on 13th October 2025. The same has been titled as “Kickstart Hacktoberfest 2025 and Google Study Jams”. This event has been created to promote an open source ideology towards the 1st, 2nd and 3rd year students so that they become enthusiastic towards contributing via version control to the OSRs.

Targeted Audience:

B.Tech Computer-Science First Year, Second Year & Third Year Students
(regardless of specialization)

Targeted Topics:

1. Hacktoberfest 2025 Introduction
2. Introduction to Elixpo Chapter Repository
3. Introduction to “What GitHub is”
4. Introduction to the collaborative and social learning nature of engineering
5. Talk on how to participate in an open source project
6. Talk on how to maintain an active github contribution graph & profile
7. Introduction to google study jams
8. Steps and Instructions to follow for google study jams
9. Google study jams gifts + swags
10. Date and Timeline for the Hacktoberfest and Study Jams Explained

Speaker:

Ayushman Bhattacharya (Pre-final year student JISU, Elixpo OSR owner, GDG JISU On Campus Organizer)
